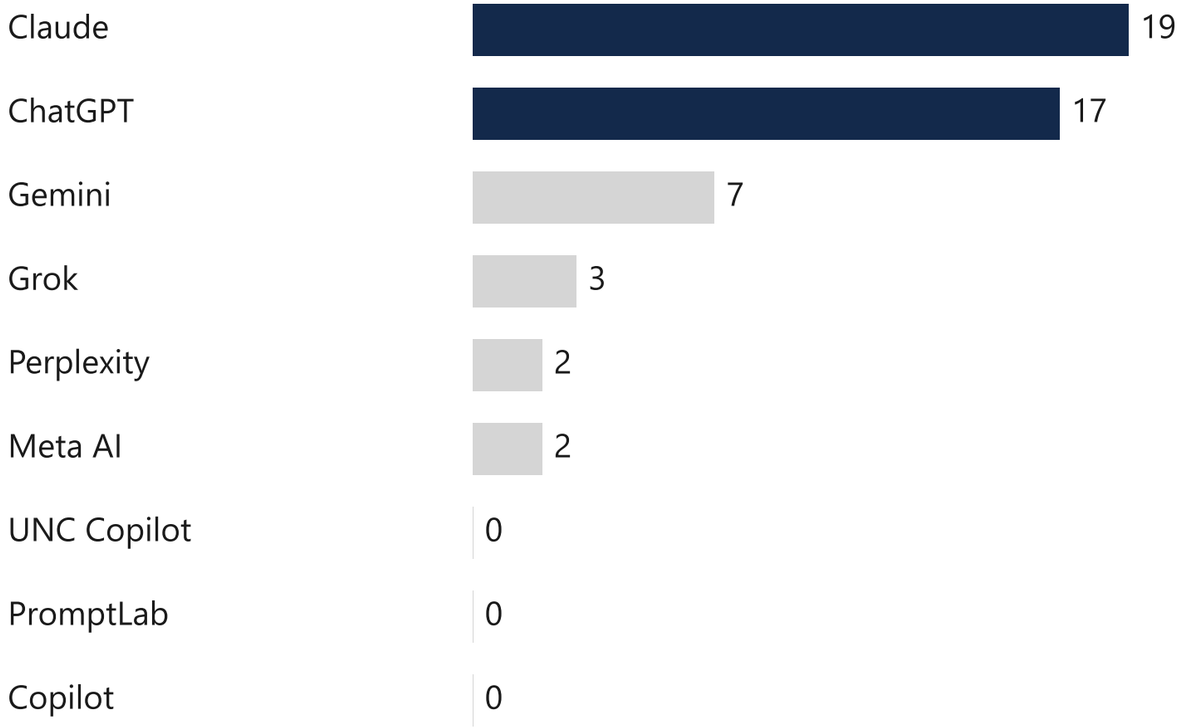
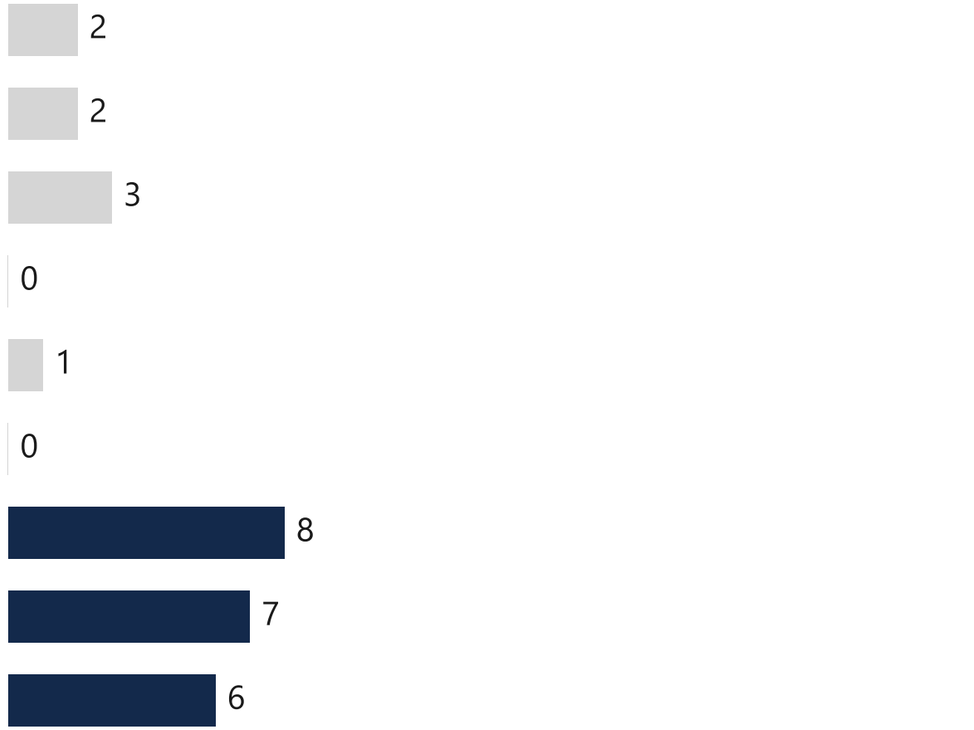
Claude and ChatGPT are what students pay for

Self- or family-funded version, out of 46 students



UNC versions cluster on Copilot and PromptLab

UNC-provided version. UNC Copilot is Copilot with Data Protection.



A student can be counted for more than one tool. Free is still the most common version of ChatGPT (23) and Gemini (21). Tools with fewer than 2 paid or UNC users are omitted. Source: DATA 150 fall 2026 generative AI survey.
